## **2nd World Congress On Obesity & Cosmetic Dermatology**

**April 06-07, 2020 | Dubai, UAE**

### **Organizing Committee**

**Dr. Brij M. Gandhi**

CEO and founder of Neo BioMed Services , India

Dr. Brij. M. Gandhi, M.Sc.(Biochemistry) and Ph.D.(Experimental Medicine, Norway) is presently CEO and founder of Neo BioMed Services ([www.neobiomed.com](http://www.neobiomed.com)), providing services and consultancy in health areas and regulatory issues related to biopharmaceuticals, pharmaceuticals, including stem cell and regenerative medicine. As Adviser to the Government of India, Dr. Gandhi was involved in management, promotion and policy issues in biotechnology related to international collaborations, medical biotechnology including stem cells and regenerative medicine, infrastructure development, animals and aquaculture biotechnology, biosafety and biosecurity. Prior to that he was Research Scientist at AIIMS, New Delhi working on immunology of parasitic, bacterial and viral infections including amoebic diseases; hepatitis; liver diseases; IVD; food and nutritional health issues.

## Chen Bin

---

Professor, Xi'an Jiaotong University , China

Dr. Chen Bin is a full professor and vice director in State Key Laboratory of Multiphase Flow in Power Engineering, Xi'an Jiaotong University. He received his Ph.D in 2002 from Xi'an Jiaotong University, China. Thereafter, he worked at the National Maritime Research Institute of Japan as Postdoctoral Research Fellow of Japan Society for the Promotion of Science from 2002 to 2004.

For more than a decade, Prof. Chen has devoted his efforts to the research of heat transfer in laser dermatology (vascular malformation, pigmentary lesions, lipolysis, etc) and hemodynamics, in particular with the photon propagation and energy deposition in the laser treatment of skin disease. He is currently developing Monte Carlo method, bio-heat mass transfer model, and conducting animal experiment on the thermal damage of blood capillaries, melanin and adipocytes by 585nm, 595nm and 1064nm lasers. He has published over 70 peer-reviewed international journal papers, and more than 20 keynote lectures.

Owing to his achievements, he served as Member of American Society of Thermal and Fluids Engineering, Member of editorial board for American Journal of Heat and Mass Transfer, Journal of Clinical Dermatology and Therapy, Journal of Clinical, Experimental and Cosmetic Dermatology, etc.

## **Ephraim Marobela**

Founder and CEO of Obesity Must Fall (Pty) Ltd, South Africa

Ephraim is an extra ordinary visionary who is on a mission of looking for committed experts and leaders to join forces and together work towards saving millions of lives globally prematurely ravaged by NCDs. Ephraim is the Global Obesity Expert, Integrative Nutrition Health Coach, Speaker and Author of these books; Obesity Must Fall and his forthcoming book is called Power of Being Healthwise.

He is the Founder and CEO of Obesity Must Fall (Pty) Ltd, specialising in providing innovative, proactive, results focused programs of solving overweight and obesity challenges WITHOUT gym, pills, shakes, capsules and supplements. Skills transfer to clients start from month one, ongoing and beyond

## Moorkath Nandakumaran

Professor, University of Kuwait, Kuwait

Dr Moorkath Nandakumaran is currently Professor in Obstetrics & Gynecology Department of Kuwait Medical Faculty, Kuwait University and has specialized in research relating to maternal-fetal transport of nutrients and drugs in human beings as well as animals in control and disease States. Dr Nandakumaran has published over 90 papers in International Scientific Journals and Conference Proceedings and has contributed Chapters to Books on the Subject and has been Invited Speaker in more than Six International Conferences too
