

6th World Congress on Biotechnology

October 05-07, 2015 Crowne Plaza , New Delhi, India

Biotechnology-2015 Report

OMICS International feel proud to announce the report of 394th International conference with the name 6th World Congress on Biotechnology which was held in New Delhi on 05-07 October 2015. The conference was held under the auspices of Directors, Professors, Biotechnology scientists, researchers and industry professionals. A number of new initiatives were introduced as part of this year's conference. The theme for this year's conference was "Biotechnology: Meeting the Needs of a Changing World ". Specifically, the Conference program addressed leading practice approaches to Biotechnology applications provided an opportunity to discuss and challenge some current practices and discuss emerging tools and techniques to drive continuous improvement in outcomes in Bio-Industry. Delegates included from USA, India, Chile , Korea, Brazil, Armenia, , Saudi Arabia and several other countries have experienced the beauty of New Delhi, which is one of most beautiful cities of India.

The conference initiated with keynote speeches, other scientific sessions, plenary speeches and Poster sessions. The Highlights of the conference are:

- Workshop on "NIH Research Resources in Biotechnology" by Mukesh Verma, National Institute of Health, USA.
- Keynote talk by **Mukesh Verma**, National Institute of Health, USA
- Keynote talk by **B M Gandhi** , Formerly Advisor to the Government of India
- Keynote talk by **Mousumi Mutsuddi** from Banaras Hindu University, India

We appreciate the effort and extend our sincere gratitude to **Mousumi Mutsuddi from Banaras Hindu University, Mahima Gulabani from University of Delhi, India, Nameet Kaur From Sharda University, India** for taking and fulfilling the duty of moderator and support in making the conference a grand success.

We have succeeded in bringing together leading experts and biotechnologists from all over the world. With this success and the interest among the researchers, we are happy to launch 11th World Congress on Biotechnology at New Delhi, India. We welcome all the eminent personalities, industry professional, researchers, students and delegates to take part in this upcoming conference in the wonderful city of New Delhi.
